Funke's Automotive Solutions

The Funke ADSC600 automotive antenna for DAB and DAB+ is one of the best performing products available on the market and ensures crystal clear reception! This antenna allows you to receive all available channels on air. The transparent foil used on the ADSC600 makes it possible for the antenna to blend-in on the windshield and it is easy to install. Let's get digital: enjoy more channels with better reception quality!

	VHF	UHF
Frequency range	174 - 240 MHz	1452 - 1492 MHz
Antenna gain	15 dBi	8 dBi
Amplifier gain	20 dB	13 dB
Amplifier noise	1,0 dB	1,0 dB
Voltage	5 - 14,5 Vdc	5 - 14,5 Vdc

Maximum distance is an indication and depends on the network specifications and circumstances regarding the geographical surroundings of the antenna. No rights can be claimed from the information on this product card.
